2-1 Special Message by Dr. Sung-Won LEE, Ex-President of ASF

Dr. Sung-Won Lee, ex-president of ASF could not attend this congress. His special message dated on April 9th, 2018 was distributed during this congress as follows.

Dr. Sung-Won Lee's Special Message

First of all, I would like to welcome all the delegates of ASF member countries to the 15th ASF Congress at beautiful Costa Navarino of Greece.

At the last ASF Congress at Cancun, Mexico, I announced my retirement and resignation at the end of 2018 PyeongChang Olympic Winter Games, following my official resignation from Council Membership and vice presidency of FIS at the end of the Cancun FIS congress of 2016. Therefore, I have submitted my official letter of resignation to ASF on March 18, 2018 which is the last day of 2018 PyeongChang Olympic and Paralympic Winter Games in Korea.

It is deeply regrettable to express my prospective absence to the Costa Navarino ASF Congress due to my ill health for travelling, and I am cordially requesting and delegating Mr. Youssef Khalil, vice president of ASF to undertake the role of Acting Chairman for his ASF congress meeting. I am confident Mr. Youssef Khalil will carry out his role well for this important meeting where the recommended next new president of ASF, decided by the presidential group of 5 (1 president and 4 vice presidents of ASF current term), would be ratified for appointment as new president of ASF. I sincerely solicit good cooperation of all the member countries for successful conclusion of the 15th ASF congress meeting of today.

I would like to extend to all the member delegates my best wishes to your enjoyable and fruitful stay at Costa Navarino during the whole congress period. Thank you very much.

2-2 Welcome Speech by Mr. Gain Franco Kasper, President of FIS

I am pleased to see many representatives from ASF member countries here in the ASF congress, which is a good sign. After the perfect PyeongChang Winter Olympics in Korea and for the upcoming Beijing Winter Olympics in China, Asia continent has been extremely important for the growth in sports. I will have a work with Mr. Aki Murasato regarding a special series in world cup or part of world cup going through Asia like downhill course in all over the Asian continent such as new one in Korea and the ones in Japan many years ago, and also outstanding one in China in future. Therefore, I do expect you will come up with excellent developing in sports. Congratulations on the work you have done. Once again, have a good meeting. Good luck to your good results!

2-3 Welcome Speech by Ms. Sarah Lewis, Secretary General of FIS

It's an honor for me to be able to join you and see all the national ski associations' ski friends in this ASF congress. As you all know, intensive activities in Asian continent have been carried out. After the fantastic successful Winter Olympics in PyeongChang, they have served their inspiration to other countries not only in winter sports but also in all general sports. I am sure PyeongChang gave its inspiration very much to Beijing, China as well. Now Olympic torch has passed to China and the welcome evening ended with outstanding success. During the FIS excursion tomorrow, there will be a chance to visit meaningful historical Olympic sites. I hope you would enjoy the moments with good photos. Under FIS Development Program, ASF have been a great example to other developing countries, who want to organize championships higher level step by step. ASF is more important to the countries with no snow like Hong Kong and Thailand so that they can establish their partnership cooperating with the advanced country like Japan for their special support. In addition, India might have a plan for ski related development program in connection with a tracking tour to Himalaya Mountain. I am thrilled that ASF will build up further level of international sports in Asian region under the new leadership of Mr. Aki Murasato. He is an extremely expert person so I am sure that he will fully develop active collaboration in partnership within ASF member countries.

3. Acceptance of Official Minutes of the 14th ASF Congress

The 14th ASF congress was held at Hotel Grand Fiesta Americana Coral Beach Resort & Spa in Cancun, Mexico on June 8th, 2016 at the time of 50th FIS congress. The 42 delegates from 14 ASF member countries (CHN, HKG, IND, IRI, JPN, KAZ, KGZ, KOR, LBN, MGL, NEP, PAK, TPE, UZB) were present.

The minutes had been circulated to member countries on July 12th, 2016 and no other comments have been received in 2016. It was the duty of this congress to finally ratify the minutes. Therefore, the minutes of the 14th ASF congress in 2016 were unanimously accepted at this 15th ASF congress in 2018.

- Unanimously Accepted

4. Reports

4-1 Financial Report of ASF for 2016-2018

The financial report for 2016-2018 was unanimously accepted with the confirmation of ASF auditors, Mr. Ali Tukhtaev of Uzbekistan and Mr. Ming-Sheng Kuo of Chinese Taipei as attached. There were no further views and remarks.

In past, ASF's old bank account had been opened under the Korea Ski Association. However, ASF should be independent from Korea Ski Association because of a new regulation of the Ministry of Sports in Korea. Therefore, ASF's new account was opened in 2016. All the balance in old account had been completely moved into the new account, and this should be handed over to the new leadership, the Ski Association of Japan in near future.

- Unanimously Accepted

Due to bad weather condition, GS was cancelled and only SL was conducted on March 5th at Mzaar ski resort.

A report on the championships presented by Dr. Sung-Won Lee to FIS in March 2017 is attached.

5. Discussions

5-1 Launch of ASF Website

The Asian Ski Federation (ASF) was pleased to announce the launch of its website at www.asf-ski.org in December 2017. The website provides some memorable photos of past Asian Alpine Ski Championships and ASF Congresses.

This initial version of official ASF's website was made by Dr. Lee, ex-president of ASF. However, this website will be well supplemented in future continuously in its structure and contents with supportive interest of each member nation through good coordination with new secretariat office of ASF in Japan. The Ski Association of Japan under new leadership of Mr. Aki Murasato will take over this website to manage it. Each member country's continued support and cooperation in future will be very much appreciated.

In addition, Mr. Freddy Kairouz of Lebanon proposed to launch SNS (Social Network Service) of ASF such as Face Book or Instagram because these are easy to manage and more comfortable to access comparing with website. However, there was no exact information on the possible available network for the use of SNS in each ASF member country because SNS might depend on their own network condition in their own country. Mr. Aki Murasato, new president of ASF suggested that this would be considered more for further discussions in future.

5-2 Revision of ASF Constitution on Vice Presidency

5-2-1 Revision Proposal on the Number of Vice President of ASF

Dear Ms. Lee,

I hope this message finds you well.

On behalf of Mr. Aki MURASATO, we appreciate your continued support and valuable collaboration to develop our sport in Asian region over the years.

For the 15th ASF Congress, Ski Association of Japan would like to have two items on the agenda.

First, we would like to share our activity report regarding Sport for Tomorrow program which we presented during the 14th ASF Congress in Cancun, Mexico. Our government and Ski Association of Japan have so far invited athletes and coaches from Winter Games Federation of India and Ski Federation of Pakistan and we would like to have a short feedback from Ski Federation of Pakistan at the Congress. Also, we have provided Nepal Ski Association ski equipment in order to create a better sporting environment. While these actions may be small steps, we believe that these small steps help to strengthen our cooperation to promote our sport in our region collaborating as one.

Then, we would like to share information regarding activities of the Japan International Cooperation Agency (JICA) which could possibly be a supportive program for further development of our sport in Asian region. Their main focus is technical cooperation in the field of sports. We will share some updates at the Congress as our collaboration with JICA is currently under discussion.

Team members were served lunch in restaurant at culmination of visit.

Culture and Customs

10. We all found Japan and its people very friendly and full of hospitality. It is indeed worth mentioning that we were impressed by attitude of Japanese people that they are still carrying and practicing their traditions as per their culture yet they are one of the advanced nations in technology.

Token of Thanks

11. It was a singular honor for me and my team to be part of training program in Japan. I would like to pay my gratitude to Ski Association of Japan for arranging this program and I am sure our athletes have learned a lot from esteemed coaches and their guidance will help and inspire our athletes to further polish their abilities. Ski coaches during training emphasized on correction of basic techniques which include posture and correct application of knowledge in order to achieve excellence which is ultimate goal of ski athletes. Moreover exposure of athletes to slopes of different gradients and above all coming of many athletes for learning at one platform created a family like environment. We are also grateful for healthy diet provided by administration which in particular contained Pakistani dishes. It must have been an uphill task for management. I want to thank again of foreign ministry for making our stay comfortable and fruitful. I hope this will continue in future as well.

7-3 Plea Letter on Jeongseon Alpine Center

Jeongseon Governor Mr. Jung-Hwan JEON attended this 15th ASF congress to collect signatures from ASF member countries for their support in order to keep up Jeongseon downhill course as Olympic legacy, not to get rid of it. In fact, Jeongseon course was planned to be disappeared to restore the ecological system around the Jeongseon Alpine Centre in future. Forests that were uprooted due to venue construction were substituted with alternative planting efforts to offset a negative environmental impact. After Governor's speech, a torch of PyeongChang Winter Olympics was presented to Mr. Aki Murasato, new president of ASF as a memorable gift. Mr. Aki Murasato hoped that this ASF's strong support would be a valuable help to maintain Jeongseon alpine center for its legacy and for athletes as well.

Plea Letter of Support for the Preservation of Jeongseon Alpine Centre

Greetings.

I am Jeon Jung-hwan, the Governor of Jeongseon, Gangwon Province of the Republic of Korea, where the alpine competitions of the PyeongChang Winter Olympic Games 2018 and the Winter Paralympic Games were held.

First of all, I would like to express my sincere gratitude to the representatives of the international member nations of the Asian Ski Federation who are making a great effort for the development of the Asian and world winter sports.

PyeongChang Winter Olympic Games 2018 was a peaceful Olympics that deeply moved people from around the world. With this as momentum, the Republic of Korea is in the process of ending the era of hostility and opening the spring season of peace through the inter-Korean summit. This truly shows the power of sports diplomacy.

Once again, I would like to extend my gratitude to all who have given their support.

I came here yesterday, putting all my schedule behind, to meet the international representatives of the Asian Ski Federation.

In particular, the reason I am here today is to ask for the international interest and support for the retention of the Jeongseon Alpine Centre, which is the main facility of the winter sports as well as the cultural heritage of PyeongChang Winter Olympic Games 2018.

Recently, there are heated public arguments for and against the restoration of the Jeongseon Alpine Centre.

The social discussions involving the preservation of diverse meaning such as the value creation of an Olympic legacy, etc. are disappearing.

The Jeongseon Alpine Centre is in danger of disappearing due to a simple logic of environmental restoration by the environmental organizations, whose argument for the restoration of natural environment is unjustifiable and profitless.

I stand here today to explain to you the necessity and justifiability of preserving and utilizing the great Olympic legacy, and plea for the retention of the stadium.

The Jeongseon Alpine Centre is an outstanding world-class facility whose location and technology have already been verified by the International Olympic Committee (IOC) and the International Ski Federation (FIS).

The Jeongseon Alpine Centre is a facility that must continue to be maintained and operated for the development of future winter sports athletes as well as for the development, revitalization, and expansion of the international winter sports.

Jeongseon is hoping and planning to host the Asian Winter Games in 2021 based on the pride of being a winter sports powerhouse and confidence in the successful hosting of PyeongChang Winter Olympic Games 2018. Furthermore, we are preparing to carry out various programs for holding competitions such as the World Alpine Championships, the Winter Universiade, etc. These will definitely contribute to the sports diplomacy and the friendship promotion of international exchange.

The issue of preserving the Jeongseon Alpine Centre which has satisfied the international criteria for the PyeongChang Winter Olympic Games 2018, is the responsibility of all member nations, and I believe we are of one mind.

Respected members of the Asian Ski Federation!

We will be a model of preserving and developing the Olympic legacy along with the protection of natural environment.

I would like to sincerely ask you to join us in our effort to preserve the Jeongseon Alpine Centre through the international personal connections and the sporting world.

I would also like to ask for your interest and encouragement for us to fulfill the role of a winter sports leader and the host country of the Winter Olympic Games, and also become the mecca of winter sports.

I sincerely hope to see you again in Jeongseon, the Republic of Korea, where the PyeongChang Winter Olympic Games 2018 was successfully hosted.

Thank you for listening.

- (2) Eleven member countries of Asian Ski Federation took part in the championships: India, Iran, Kazakhstan, Kyrgyzstan, Korea, Lebanon, Mongolia, Nepal, Pakistan, Tajikistan, Uzbekistan.
- (3) Sri Lanka and Afghanistan submitted their entries to participate as guest nation. However, they cancelled at the last minute. Afghanistan team could not get the flights at a reasonable price.

- (4) Training on March 3rd was officially cancelled because it was windy, rainy in the very early morning, and too foggy to see clearly on the top of the mountain. Snow condition was dangerous for young racers. A lady racer from Pakistan got injured during the training, but fortunately it was mild.
- (5) FIS TD tried to set the poles on the slopes for GS, but he failed because snow was very soft, not hard enough for setting poles. FIS TD decided to cancel the GS due to difficulty of setting poles on soft snow. Therefore, only SL was conducted on March 5th at Mzaar ski resort.
- (6) French ski team (5 men) also participated as a guest nation. One man racer from France got the 2nd place in SL. No medal was awarded at the ASF podium because they are not the member of ASF member country. However, Lebanese Ski Federation prepared for the FIS podium and awarded a silver medal separately from ASF podium.
- (7) Prize giving ceremony for SL on March 5th was conducted at a hall of Chateau D'eau Hotel where all the participants stayed during the championships. After the ceremony, a formal dinner was served in Lebanese style.
- (8) After the 26th Asian Alpine Ski Championships, A FIS race was also conducted by the Lebanese Ski Federation on March 6th – 7th, 2017 at the Mzaar ski resort. Seven ASF member countries (Iran, Korea, Kazakhstan, Kyrgyzstan, Lebanon, Mongolia, Tajikistan) participated at FIS race (SL) on March 6th. For man racers, Iran team got 2 medals (1 gold, 1 silver) and Korean team got 1 bronze medal in SL for man. For lady racers, Korean team got 1 silver medal, but Argentinean team got 2 medals (1 gold, 1 bronze) in SL for lady. Korean team could not participate on the next day because of their flight schedule back to Korea.
- (9) The championships were well organized despite of the bad weather. It was very exciting that Asian young ski lovers got together at the championships under FIS Development Program, for which coaches especially thanked to FIS and ASF for their financial support.
