The 43rd FIS Congress of 2002 being staged in the beautiful coast of the Slovenija this time here in Portoroz. I am very much delighted to see all the delegates of ASF member countries once again. Today, I sincerely welcome all the delegates of Asian Ski Federation's ski families to the 7th Asian Ski Federation Congress here in Portoroz. As you know two representatives of D.P.R. Korea are present at this ASF Congress, first time since 1990. I am especially delighted and thankful for their participation this time. Again I appreciate very much for your taking part in the 7th ASF Congress. However, I feel regrettable to see some countries, which participated congress all the time in past, have failed to attend this time. I also feel sorry to note that Tajikistan is not represented here today despite of their intention expressed in advance.

ASF's big projects, the 11th Asian Children Alpine Ski Championships at Yongpyong, Korea in 2001 and the 12th Asian Children Alpine Ski Championships at Aomori, Japan in 2002 were both very successful. At Yongpyong, the 6th ASF Council Meeting was also held coinciding with the 11th Asian Children Alpine Ski Championships with good participation and fruitful results.

The 12th Asian Children Alpine Ski Championships at Owani Onsen, Aomori Prefecture in Japan was very meaningful Championships, because it was staged as a rehearsal games to the 5th Asian Winter Games of 2003 at Aomori, Japan. Also, the Asian Championships was conducted coinciding with the 2002 FIS Children Alpine Championships of Aomori, resulting in a large participation to the joint Championships.

I thank you, once again, for your attendance to this Congress and wish each National Ski Association for the continued success and prosperity, expecting to see your attentive support and initiative to the future development of ASF. I wish you all to have a pleasant and fruitful stay here at the beautiful Coast City of Portoroz.

● **Special Guest Speech (Mr. Gian-Franco Kasper, FIS president)**

I am happy to attend at the 7th ASF Congress Meeting today and to greet all of you as member of ASF Country. ASF has been conducting his important role in the stage of International Ski Development.

Following the decision of Christchurch Congress in 1996, FIS established "FIS Aid and Promotion Program" for ski developing nations, which is to promote development of skiing for the ski developing nations, thus also resulting in beneficial effects for the ski development of Asian countries. Dr. Lee, a FIS council member, is a member of working group for the program.

I intend to assist you in whatever possible ways in transmitting know-hows for competition management and general management for ASF and national associations. Currently, I and FIS Councils are planning to establish FIS Solidarity Fund to give practical assistance to all the ski developing countries.

We will endeavor to promote skiing, to increase the number of skiers worldwide and to intensify cooperation between FIS and ASF. Once again, I would like to express my appreciation to your kind cooperation and ASF's effort for global skiing development.

5. Comments:

The Yongpyong Ski Resort was very happy to stage the 11th Asian Children Alpine Ski Championships its first Asian Children Championships at Yongpyong. Korea hosted the Championships three times already in past 10 years, twice in Alps Ski Resort and once in Phoenix Park. The natural conditions for the Championships were all and all best conditions with good snow, good weather, and beautiful winter scenery. All the children competitors completely enjoyed lower end of Yongpyong's FIS Alpine World-Cup slope (Rainbow I – red).

Thanks to increased support for the air-travel expenses by FIS Aid and Promotion Program starting this time, covering 4 racers from each beneficiary country compared to the previous case of 2 racers, the largest number competitors from foreign countries (71 competitors for the 11th Championships compared to 51 racers for the 10th) and the largest member countries (11 entire member countries compared to 9 countries for the 10th) could participate. On behalf of ASF and member countries, I would like to extend my utmost gratitude to FIS and the special consideration of Mr. Gian Franco Kasper, FIS president, in supporting the Championships.

Coinciding with the Championships, the 6th Council Meeting of ASF was also held. It was a good opportunity for the Council Members to witness the Championships and the effective outcome of the financial support of the FIS Aid & Promotion Program in staging the Championships. Upon observing the Championships, the council meeting became to reach a constructive decision that Junior Championships should be alternated every other year with the Children Championships in future, hopefully from the 2002 Championships.

- Free accommodation, board and domestic transport.
- Travel expenses (air-fare) with a maximum amount depending on the average fare to travel to Japan.

Participation in SAJ Anniversary - Carving Race

Participants watched the performance by SAJ ski instructors and also some joined a carving race as a forerunner.

Discussion

Each participant presented each nation's skiing situation and exchanged information and opinions.

Comments

As a host of the seminar, we are very glad to have seven participants from six nations of ASF and would like to thank all the participants and their national federations. Through an active discussion, we found that each nation had different needs and goals depending on its existing situation of skiing, i. e. the spread of skiing and ski instruction among the general public. In the future seminars, we think it better to divide the participants into some groups according to their main interest so that we can give the appropriate program for each participant.

REPORT

The 12th Asian Children Alpine Ski Championships

March 6th –10th, 2002

Owani Onsen Ski Resort, Aomori

First of all, we would like to express our gratitude to all involved for their cooperation that led the 12th Asian Children Alpine Ski Championships in Aomori to a great success.

The 12th championships turned out to be the largest Asian Children Championships with more than 200 children racers from 11 ASF nations and two European nations, Austria and Italy. Austrian team joined this event based on the Cooperation Agreement between Austrian Ski Federation and Ski Association of Japan. Since this event took place also as a FIS children race, Italian team also got interested in this event and entered. We believe this big event could answer the purpose of the Asian Championships; that is to enhance friendship among ASF nations and to make the children motivated for further development by competing.

On the other hand, the 12th Championships brought the great significance to the ski resort and the local organizer in Aomori. For Owani Onsen Ski Resort, this was the first international ski event although lots of domestic events have been held there since it opened 90 years ago. By organizing this event under the leadership of ASF President Lee and with the cooperation of the ASF member, local staff and volunteers in Aomori, OC could practice what would be essential to organize another big international event, the 5th Asian Winter Games in Aomori coming in February 2003.

We thank you again for your participation and collaboration for the Asian Children Alpine Ski Championships and look forward to our continuous cooperation.

Sincerely,

Shoji Maruyama
